A scheduled agenda and forum meeting of Advisory Neighborhood Commission 1C was held on November 19, 2001, at the 3<sup>RD</sup> District Police Station. A quorum being present, Chair Miscuk called the meeting to order at 6:45 pm.

Attending were Commissioners Roth, Wright, Miscuk, Schott, Gibson, Brody and Klempay. Approximately seventeen members of the public also attended.

**TREASURER'S REPORT**

The Treasurer distributed copies of the ANC QUARTERLY REPORT OF FINANCIAL ACTIVITY; FY2001, 4<sup>th</sup> Quarter; ANC 1C (appended hereto) and requested approval. The request was seconded and the Report approved by voice vote.

**SECRETARY'S REPORT**

Secretary Klempay distributed copies of the Minutes of the October 15, 2001 meeting of ANC 1C and moved that they be adopted. The motion was seconded and the Minutes, as corrected, adopted by voice vote.

Copies of the draft Minutes of the June 6, 2001 and November 7, 2001 meetings of ANC 1C were distributed for review by the Commissioners prior to their consideration at the next scheduled meeting of ANC 1C.

We proceeded to the agenda planning part of the meeting

Each one of the Committee Chairs was asked to give a report of any thing they were doing and of any thing they might be bringing up at the meeting in December. Commissioner Gibson indicated he might have a recommendation on a community kiosk which might be constructed to give community news.

Each SMD was recognized to give a report. Commissioner Schott indicated that he might be presenting a resolution on police coverage. This would not be a report from his SMD but something which affected the entire Adams Morgan community.

Chairman Miscuk reported that he might have follow up resolutions on school zones, Adams Mill Rd. traffic lights and on Cassava Cafe.

Commissioner Brody might present a resolution on the Kilimanjaro site, in an effort to get the various city agencies moving

The floor was then open to presentations by Flexcar and Zipcar, two car rental projects which are geared to move people from Metro to around the city.

Jill Frick spoke on behalf of Flexcar which is in a public/private partnership with Metro. They will have cars parked at Metro stations, at 18th and Columbia and Woodley Park. In addition to explaining the pricing structure and answering questions from the public, Ms. Frick handed out brochures about her project.

Bill Edwards spoke on behalf of Zipcar which is a private operation. They already are operating and have spaces around the area. They are also beginning to use alternative fuels. He also answered numerous questions.

Mr. Ken Laden, Associate Director for Transportation Policy and Planning for the DC Division of Transportation explained that we were given plans for reconstruction of several streets within our ANC. The plans we received, although incomplete, and not clearly labeled as to what the ANC was to do with them, were the 75% design plans. He was not sure of any comment period the ANC might have, and knew there would still be time for the ANC to comment. Again, there were numerous questions from the public. Mr. Schott stated he would review the commentary and accompanying plans and make them available to any Commissioner who was interested.

Commissioner Brody moved that the Voluntary Agreement with Timehri be approved. It was seconded by Commissioner Roth. Commissioner Brody, at the request of Commissioner Schott, explained what was in the agreement. The motion (not written) was passed without objection.

At 8:57 PM Commissioner Gibson moved and Commissioner Roth seconded that we adjourn. Whereupon a vote was taken and the body so moved.
