Applicant's Statement of Purpose

Please provide a description of what the grant will be used for. Attach a second page if necessary. ATTACH A LINE-ITEM BUDGET, WRITTEN ESTIMATES, BIDS, OR PRE-INVOICES TO THE GRANT APPLICATION.

The purpose of the grant is to provide financial education books for children between the ages of 5 and 18. The book will provide essential information directed towards learning how money works and how to manage personal finances. This information will give children the necessary tools to be financially successful as adults. Considering financial literacy is not a mandatory subject in the DC Public School System, it's imperative for children to have financial knowledge in order to be able to make informed decisions. Not only will they be able to make informed decisions, but they will also be able to put themselves in a stable financial position in the future which will allow them to pass the information to the next generation as well as give back financially to the community. Learning how money works is not an option when it comes to having a prosperous life, therefore educating the next generation with financial literacy shouldn't be either.
