METAL SCULPTURE

ADAMS MORGAN

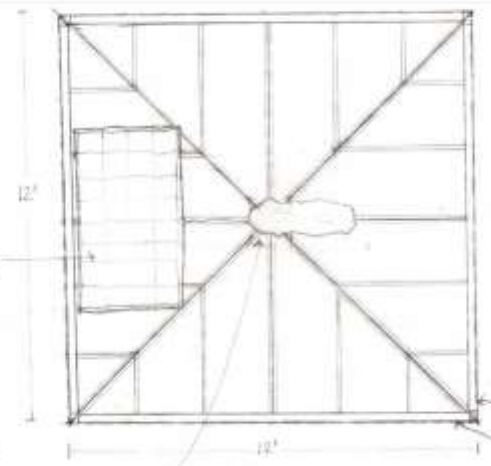

METAL LETTERS

1A

SAME PANEL

ROOF PLAN

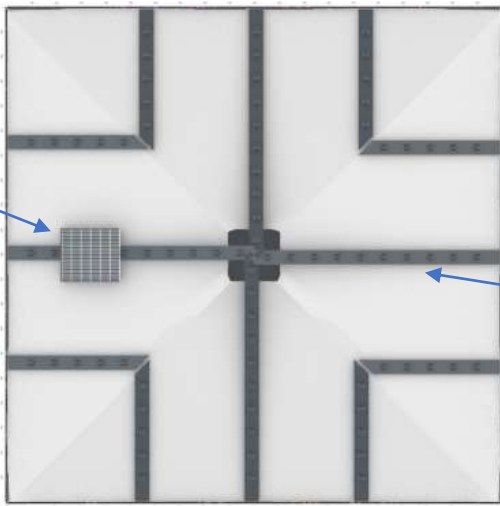

Previous approved plan from the Gateways Advisory Committee in 2019

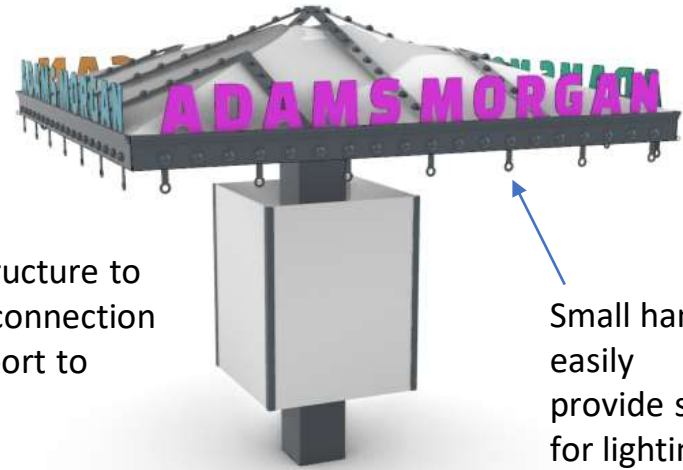

New plan without sculpture on the roof and changed central boards

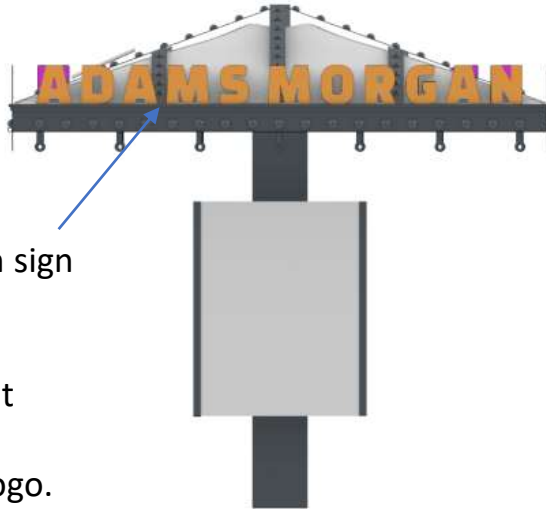

Solar Panel to charge battery positioned behind the boards to power lightings. The solar panel will be donated by Solar Solution

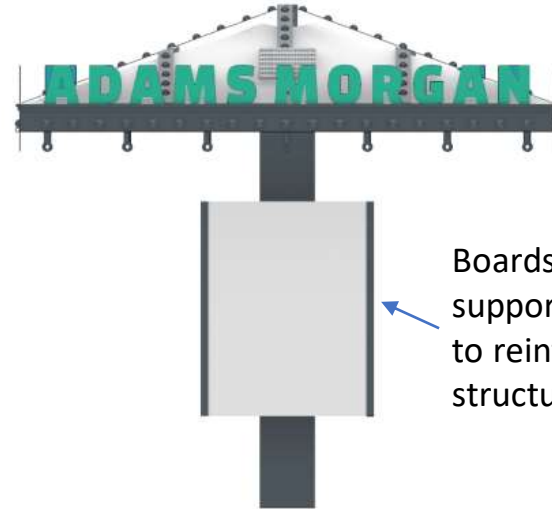

Metal structure to provide connection and support to the signs

Small hangers to easily provide support for lighting

Adams Morgan sign in painted steel in four different colors to match BID logo.

Boards with metal support on the side to reinforce the structure.
